JESUS CHRIST
OF LATTER-DAY SAINTS

KAYSVILLE UTAH CENTRAL STAKE

President M. Darin Hammond
2191 S 100 E
Kaysville, UT 84037

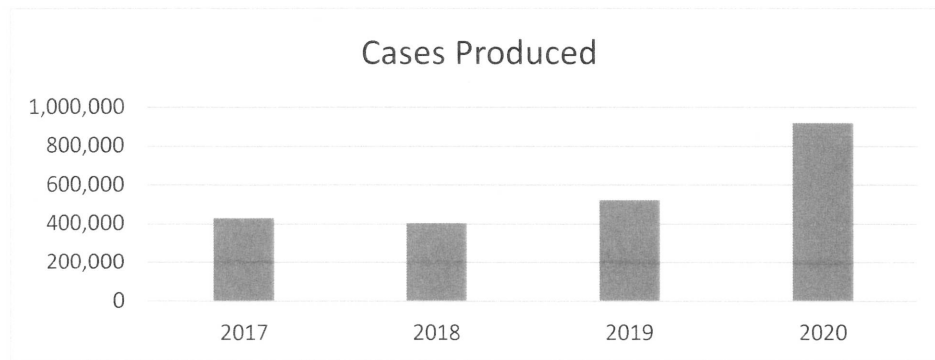

Dear President Hammond,

Thank you for your stake's amazing support of the Kaysville Deseret Mill and Pasta facility last year. As you well know, 2020 was truly challenging in many ways but as the mill staff calculated the year-end totals it became clear that an astonishing story needed to be told.

I'm reminded of an answer Elder Bednar shares when asked why we don't see miracles like the ones experienced in the earlier stages of the restoration. Today, I join with Elder Bednar to emphatically declare, "we do"!

In the face of this global pandemic, 10,334 volunteers joined our 38 missionaries to serve 51,517 hours at the facility. We clearly saw the Lord's hand as we were blessed with very little disruption as the staff, missionaries and volunteers took extra steps to address COVID 19 risks balanced with the increased demand from the world-wide, economic impact of the pandemic.

The chart below shows total cases produced at the mill over the past four years indicating a dramatic increase in 2020 over the prior three years.

None of this could happen without the Lord's guiding hand and the devoted members of your stake.

Thank you for your ongoing support and please pass along my gratitude for this miraculous work!

Sincerely,

Andrew W. Seelos
President
